FOR IMMEDIATE RELEASE

**MEDIA REPORTS ON THE DEATH OF A PATIENT
AT VRA ABOADZE HOSPITAL**

The Management of the Volta River Authority has noted with concern reports by some media houses about the death of a male adult who was said to have collapsed during a football game and was brought to the Aboadze hospital.

Following allegation that the young man died because health officials at the hospital denied him care, Management has commissioned a Committee to investigate the matter.

We express our condolence and sympathy to the bereaved family and also wish to assure all our clients including the communities within Aboadze operational area of our commitment to maintain high standards in the delivery of health care and sustain our good relationship.
