## PUBLICATION OF TENDER ON RELOCATION OF SIEMENS POWER PLANT TO KUMASI

It has come to the attention of the Management of the Volta River Authority (VRA) that some websites are advertising a tender titled “Relocation of Siemens Power Plant to Kumasi” purportedly on behalf of VRA.

The Management of the VRA wishes to caution the general public that the Authority has neither issued any such tender nor published same on any website.

The general public is therefore advised not to transact business with the websites in respect of the advertised “tenders” purported to have been issued by VRA.

The general public is so advised.

Thank you.
